

CONGRATULATIONS AMY-LEE

GRADUATING CLASS OF 2009

“The program lets you work at your own pace and helped me graduate. The teachers are great because they accept you and help you when you’re struggling. The camps were great especially the horse-riding, canoeing and bush-tucker activities. Now that I have graduated it’s given me the chance to go to T.A.F.E. I’m planning on getting a Business Administration traineeship and I have an interview this week”
